

April 4, 2018

On behalf of the Arcadia School Board we would sincerely like to thank all those who supported the gymnasium/community center referendum on the April 3 ballot. This referendum with the combination of donations and referendum funding will allow the district to build more than just the limited scope of a single court gym and locker rooms. Instead, the district will get an additional two-court gymnasium and expanded locker rooms, along with a multi-use community center that would serve Arcadia for generations to come.

We appreciate your willingness to support your community and the education of the future leaders of Arcadia. We are committed to partnering with you and working hard to ensure the project's success.

We also would like to thank those who served on the referendum committee. They did a very good job of presenting factual information to the voters. Their help and participation is greatly valued and appreciated.

The kick-off meeting to begin the detailed design of the project will occur already on Tuesday, April 10th. The architects, builders, board, and Ron and Joyce Wanek representatives will work collaboratively the next four months to finalize a design. The actual ground breaking may begin as early as August, 2018. The anticipated occupancy will be August/September, 2019.

Much Gratitude, Arcadia School Board
